The fee for an Academic Assessment is \$250 and is non refundable. If you are not granted any credit and wish to enroll at Pacific Rim Early Childhood Institute we will waive the \$250 registration fee for domestic students. The payment must be made by certified cheque or money order and sent in with this form.

Students must submit official documentation for the course/s being assessed including a transcript from a recognized Canadian Institution and a summary of topics covered and hours completed. To receive credit for a course the material must be similar to ours and meet our minimal hour requirement. The required hours for each course are set by the Ministry and can be viewed at www.earlychildhoodeducator.com/programs/ under each individual course.

The Institute will review the student's course documentation and respond within 2 weeks. Courses that are assessed, as being equivalent will be added to the transcript after all other courses in the program have been completed, provided that students complete at least 50% of their course work through Pacific Rim Early Childhood Institute Inc.

I understand and agree with the information in this application form and submit it together with official documentation for the course/s being challenged and the fee/s indicated above for a total of \$250.
