Welcome to Oak Bay Preschool!

A part of our beautiful oceanside community for over 45 years. This high-quality preschool is a home away from home for each child and their family. Year after year families have returned for the love and sense of community Oak Bay Preschool offers. We are greatly inspired by the Reggio Emilia pedagogical approach, learning through curiosity, nature and child led free play. Our space is filled with age-appropriate play materials, some in loose parts form for open ended discovery and creativity. We also offer a wide variety of opportunities for learning through nature, the arts (with a wide variety of artistic mediums to work with) music/movement and early S.T.E.M. (science, technology, engineering, and math). We have an attached outdoor classroom in which we spend time each day rain or shine. We view each child as capable, intelligent individuals and we join them as enthusiastic collaborators and partners in the wonder and awe of early years learning.
