

## **Toddler Preschool Teacher**

Are you ready to make a difference in the lives of toddlers and join a winning team? We are the friendliest early childhood education facility in Victoria BC and we only hire the best. Every teacher has a genuine love for young children and a commitment to high quality education. We are looking to add talented, energetic, positive, honest, loving, and fun people to our team. Our goal is to provide the highest quality programs for toddlers possible. We also work towards providing the highest quality work environment for our teachers and we provide them with all of the resources they need to be successful along with great teacher benefits. Ideally, we are seeking candidates with coursework or degrees in Early Childhood Education or a related field. Childcare experience is also a valuable asset. Infant & Toddler ECE class completed is a plus.

### **Roles and Responsibility:**

Cuddling and comforting toddlers. Daily communication to parents via written "Parent Memos", conversation, and emails. Making each and every family feel safe and confident while leaving their child in our care. Teachers are responsible to plan and implement their own lesson plans using provided curriculum along with their own creative spin. Teachers will be responsible for creating (we have lots of resources) age appropriate activities, books, music and play; keeping a clean and organized classroom; maintaining a safe learning environment; and fostering the love and passion for learning in each and every child. Must be a diaper changing professional or be willing to learn! :) Having lots of fun! Our toddlers provide a fringe benefit - lots of smiles and laughter.

### **Requirements:**

- Current criminal record check
- CPR/First Aid certified
- TB Test
- 2 written references Excellent communication skills
- Dependability
- Valid Licensed to practice; I/T ECE, ECEA
- Must love copious hugs from toddlers
- Must be available for in person interviews
- Westshore and Mount Newton Location
- Compensation valid upon experience
